

QUALITY POLICY

We, at ACP Metal Finishing are committed to providing good quality and timely delivery to our customers.

We strive to satisfy our customers through the following:

- *Ensure compliance with customers' requirements.*
- *Continual improvement of our processes and services.*
- *Effective and efficient management of resources.*
- *Continually improve our quality management system to meet the standards and requirements in accordance with the SS ISO 9001:2015, AS9100:2016, SAR 145 Exposition, FAR 145 Repair Station Manual and Nadcap (SAE Aerospace Standard AS7003)*

All staff are committed to comply and strive to improve the Quality Standards stipulated in the Quality Management System.
